

## Tunnel restrictions, dangerous goods transport Switzerland

Special restrictions for the transport of dangerous goods apply to the following tunnels which are the most important tunnels for international road transport to, from and in transit through Switzerland:

<b>Tunnel</b>	<b>Road</b>	<b>Canton</b>
Seelisberg	A2 Stans-Flüelen	NW - UR
St Gotthard	A2 Göschenen - Airolo	UR - TI
Costoni di Fieud	A2 Gotthard Pass - Airolo	TI
Kerenzer	A3 Weesen - Murg	GL
Via Mala	A13 Thusis - San Bernardino	GR
Bärenburg	A13 Thusis - San Bernardino	GR
Rofla	A13 Thusis - San Bernardino	GR
San Bernardino	A13 Thusis - Tessin	GR
Grand St Bernard	RC Martigny - Aosta	VS - Italy
Rongellen II	RC Thusis - San Bernardino	GR
Mappo/Morettina	RC Bellinzona - Brissago	TI
Galerie du Marcolet	RC Crissier	VD

The dangerous goods list in the ADR, chapter 3.2, is taken as a reference for the restrictions. For each entry it specifies whether

- transport is possible;
- if so, whether an authorisation is required and if volume restrictions apply.

The list, in German and French (SDR Anhang 2, SDR Appendice 2 respectively), as well as the addresses of the authorities responsible for applications, may be downloaded from the "Publications" section of [www.astra.admin.ch](http://www.astra.admin.ch)
