

Tolls / Road Use Charge, Goods Transport Estonia

From **1 January 2018**, it is required to pay road toll for all heavy goods vehicles that weigh of over 3.5 tones and are used in the network of public roads.

The toll rate depends on the total weight of the heavy goods vehicle (category N2 and N3) and its trailer, the number of axles, and the emission class of the heavy goods vehicle.

The payment of road toll is the responsibility of the owner of the heavy goods vehicle. If the user who is responsible for the heavy goods vehicle has been entered in the traffic register, the payment of road toll will be the responsibility of the responsible user.

Time-based road toll

Time-based road toll applies in Estonia, the purchase of which provides you with the right to use the roads for a certain period of time. Road toll is not dependent on the number of kilometers driven.

Road toll should be paid before proceeding to the road. The payment is saved electronically and you do not need a paper copy.

More information www.roadtoll.ee/eng or e-mail: teetasu@mnt.ee

Road toll payment :

- Through a bank link on the portal of www.roadtoll.ee/eng or by using a credit card (MasterCard, VISA).
- On the customer computers located at the service offices of the traffic register.
- In the customs offices of the Narva, Luhamaa, and Koidula border crossing points.
- On the customer computers located at the service offices of the Estonian Tax and Customs Board or with a payment card at the same location.

Road toll can also be paid: At gas stations and service points, where you can pay in cash or with a payment card. The amount of the service fee depends on the service provider. More information about these locations can be found at www.roadtoll.ee/eng.

The road toll payments can be made as of 20 December 2017.
