

Customs formalities, goods transport Austria

The following documents are required :

For the carrier

- EU licence, or bilateral or transit transport authorisation

For the driver

- passport or identity card;
- visa compulsory for nationals of certain countries;
- driving licence (a national or international licence is accepted, provided it complies with the specifications of the Geneva and Vienna Conventions);
- driver attestation for non-EU drivers of EU-registered vehicles;
- individual control book or tachograph disks.

For the vehicle

- national vehicle registration certificate;
- green international insurance card (not necessary in cases of bilateral agreement) or conclusion of an insurance policy at the border;
- technical inspection certificate.

For the transport operation

- CMR consignment note;
- TIR carnet or Community Transit Document. In the absence of either, the Customs office may issue a waybill against a security deposit equal to the amount of duty to be paid. If an Austrian forwarding agent, recognised as excise guarantor and able to complete a waybill for the goods, is entrusted with the customs formalities, the security deposit is not required.
