

Customs formalities, goods transport Greece

For the driver, the following documents are necessary:

- passport or identity card;
- international driving licence;
- driver attestation for non-EU drivers of EU-registered vehicles;
- proof of vaccination against yellow fever for anyone who has transited or stayed in an infected zone in the six days preceding his arrival in Greece.

For the vehicle, the following documents are necessary:

- international registration certificate;
- green international insurance card;
- carnet de passage or triptyque established in the driver's name.
