What is TRANSPark?

TRANSPark gives you online access to detailed information on over 4,000 parking areas in 40+ countries worldwide, free of charge.

www.iru.org/transpark

The perfect app for road transport fleet managers and commercial drivers

Faced with tough competition, strict regulations, cargo theft and attacks on drivers, proper route planning, including info on where you can take secure and comfortable rest periods, has never been more important.

TRANSPark is the perfect solution for your road journey needs. It's **free of charge** and a simple click away.

With TRANSPark, you can:

Search, locate and contact 4,000+ parking areas in 40+ different countries:

- by country, city or street
- within a specified radius, up to 200km
- along your planned itinerary
- using the parking's security/comfort ratings

Check security levels for parking areas such as:

- security guards
- cameras
- fences
- flood lighting

Check the services available in parking areas:

- restaurant, hotels, sanitary facilities
- fuel station
- vehicle repair
- vehicle wash
- medical services

TRANSPark also makes it easy to plan journeys, driving time and control costs:

Providing access to:

- A route planner with clearly marked parking areas
- Average fuel prices for 40+ countries that are updated weekly
- Information on border waiting times
- Flash information on traffic restrictions, roadwork and blockages
- Security advice and useful checklists
