

Driving for change

A training toolkit on HIV/AIDS for the road transport sector

Why this toolkit?

There is already a huge amount of literature about HIV/AIDS. Do we need more?

Yes. As long as road transport workers are at risk of being infected with HIV, as long as they cannot get advice, care or treatment, and as long as road transport companies are at risk of losing skilled drivers and helpers, we all need to find ways of spreading the key messages about HIV and AIDS.

This toolkit has been assembled following a global Tripartite Meeting on Labour and Social Issues Arising from Problems of Cross-Border Mobility of International Drivers in the Road Transport Sector, held in Geneva in October 2006.

What is in the toolkit?

When something is wrong with a truck, you choose the right tool from the toolbox to fix it. This toolkit is the same. You don't need to use all of it. You only need to find the right part that is useful for your purpose.

The toolkit contains:

Instructors' module

This module is intended for anyone called upon to deliver training about HIV and AIDS. You may be working in a road transport company, a training institution or a trade union. You may be delivering training in a more formal setting through, for example, a training institute accredited by the IRU Academy, the educational arm of the International Road Transport Union (IRU) or you may be meeting drivers at union meetings, border crossings or "truck stops". You may be a travelling counsellor working on a project as a volunteer.

Maybe you don't have a background in HIV/AIDS issues, or maybe you lack prior training experience, but don't worry about that! This toolkit will help you.

Managers' module

This module is for use by instructors who will deliver training programmes for managers on HIV/AIDS through an international network of quality approved IRU Academy Accredited Training Institutes (IRU Academy ATIs). It contains detailed lesson plans for training with managers and a workbook which the students on those training programmes will be able to use. Students who attend IRU Academy accredited programmes will receive a qualification.

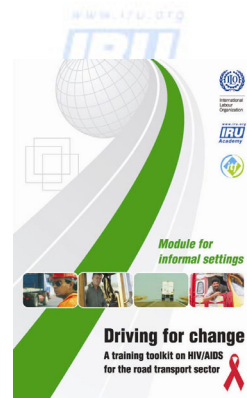

Drivers' module

This module is for use by instructors who will deliver training programmes for drivers on HIV/AIDS through an international network of quality approved IRU Academy Accredited Training Institutes (IRU Academy ATIs). It contains detailed lesson plans for training with managers and a workbook which the students on those training programmes will be able to use. Students who attend IRU Academy accredited programmes will receive a qualification.

Module for informal settings

This module contains exercises and activities that can be used with drivers and other road transport workers in informal (and formal) settings.

CD and DVDs

CD 1 (with key publications):

- Electronic version of the 4 modules
- PowerPoint presentations of the 4 modules
- Conclusions of the Tripartite Meeting on Social and Labour Issues Arising from Problems of Cross-Border Mobility of International Drivers in the Road Transport Sector, held in Geneva in 2006
- ILO Guidelines for the transport sector

DVD 2 – “Driving for change” – a short promotional film on HIV/AIDS produced by ILO/IRU/ITF

DVD 3 – “Highway of Hope” – film produced by the International Transport Workers Federation (ITF)

Condoms
