STREETS AHEAD

COP 21: the starting point

COP 21 in Paris, December 2015

**Worldwide taxi companies
committed to decrease their
GHG emissions**

Commitment signing in Paris, April 2016

Our ambition: integrate taxi in tomorrow's smart city...

✓ A principle :

Taxis4SmartCities intends to federate companies which commit to invest in smart cities (Sustainable / connected / social)

✓ A goal :

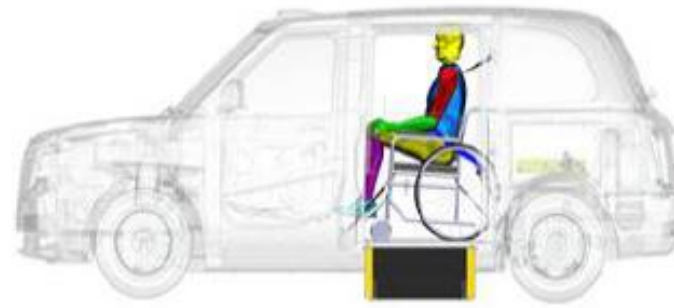

To promote good practices and to demonstrate the capacity of innovating players to carry the whole taxi sector towards the future of our cities

✓ Our proof :

Monitoring CO2 emissions as well as reporting the spread of innovations in services amongst taxi companies

...thanks to innovation
